

# India's No 1 Interactive Kiosk Solution Provider & Manufacturer

## Welcome to the home of the Touch Screen Kiosk!

Over 20 years we have specialized in creating custom kiosks for a variety of industries, including retail, healthcare, hospitality, and more. Our team of experienced designers and engineers work closely with each client to create a kiosk that meets their unique needs and specifications. We have over hundred thousand kiosk installations in India and abroad, completely built and serviced in-house in our state of the art manufacturing facility. Whether you need a simple self-service kiosk or a fully-integrated system with multiple components, we have the expertise and resources to bring your vision to life.
